

Clinical Trial

CADUCEUS

Presenter -

Raj Makkar

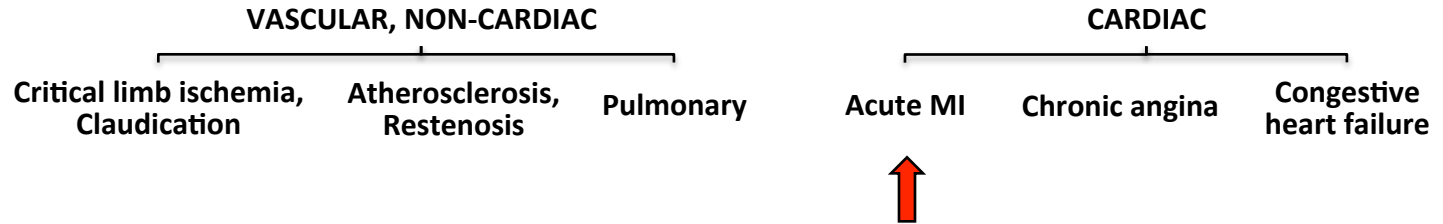

PI -

Eduardo Marbán

Sponsor -

National Heart, Lung and Blood Institute and the Cedars-Sinai Board of Governors Heart Stem Cell Center.

Target population

Progenitor cell, biologic

Autologous cardiosphere-derived cells (heart derived adult stem cells)

Delivery method

Intracoronary

Study Phase

1-2

Primary objective

Safety

Design

Randomized, Controlled

Clinical sites

2 centers (Cedars-Sinai, JHU)

www.ClinTrials.gov

NCT00893360

Clinical Trial - *CADUCEUS*
Target enrollment - *31 patients*
Start date, End date *2/12/2009-2/14/2012*

Study Flow and Current Enrollment

31 enrolled
(436 screened, 405 excluded)

31 Randomized

Day 0

CDCs (23)

Control (8)

Withdraw consent:2
Occluded IRA:1
Manufacturing problems:3
Infused with CDCs:17

month 6

17 Patients

8 Patients

month 12

13 Patients

7 Patients

Status: Completed enrollment
